

BIOLYFE Handbook on second generation bioethanol production process

Rita Mergner, Rainer Janssen, WIP Renewable Energies

Final BIOLYFE Conference on 2nd Generation Bioethanol Production

Brussels, 4 December 2013

**BIOLYFE: Demonstrating large-scale bioethanol production
from lignocellulosic feedstocks**

Lignocellulosic ethanol production plant by Biochemtex in Italy

Lignocellulosic Ethanol Process and Demonstration

A Handbook
Part I

2° Generation Bioethanol

The world's largest
demo plant ready to be transferred all over the world

Lignocellulosic ethanol production plant official opening ceremony 9/10/2013

A Handbook
Part II

BIOLYFE: Demonstrating large-scale bioethanol production from lignocellulosic feedstocks

Part I Overview on the lignocellulosic ethanol production

Part II 2° Generation Bioethanol

The world's largest demo plant ready to be transferred all over the world

Authors: Rita Mergner (Part I), Rainer Janssen (Part I), Dominik Rutz (Part I), Isabella de Bari (Part I - Chapter 4), Fabio Sissot (Part I - Chapter 3), David Chiaramonti (Part II), Arianna Giovannini (Part II), Stefania Pescarolo (Part II), Renato Nistri (Part II)

Editors: David Chiaramonti, Arianna Giovannini, Rainer Janssen, Rita Mergner

THANK YOU VERY MUCH FOR YOUR ATTENTION!
